Subject: RE: Soitec PEIR meeting confirmation

I just confirmed that Dudek and the applicant will attend the 2/6 meeting so that they will be able to answer any specific questions about the EIR and projects after people have had a chance to review.

Okay, thanks Donna. We may ask the EIR preparers from Dudek to attend one of the meetings.

Thank you, Mindy

Your draft agenda description is appreciated along with plans to attend both our January and February meetings.

It makes no difference which meeting the applicant attends since Jim Whelan attends all of our meetings for all of his clients.

Donna

Hi Donna,

We've been discussing it and we think it would be good for staff to be at the Jan 2nd meeting to introduce the EIR – explain the projects that are analyzed and the studies that are attached. Then we can return during the Feb 6th meeting to answer more specific questions once people have reviewed some of the documents. I was also going to see if the applicant would want to be at the Jan 2nd meeting. Do you have a preference for when the applicant/consultants should attend?

Here's my proposed description for Jan 2nd:

The draft EIR for the Soitec Solar projects will be available for public review and comment January 2nd through February 16th. The Soitec Solar Development EIR includes two projects (Rugged Solar and Tierra Del Sol Solar) which have been evaluated at the project level and two projects that have been evaluated at a program level (LanWest and LanEast). County staff will be available to introduce the draft EIR and explain its components. All documents available for review can be accessed via this link: http://www.sdcountry.ca.gov/pds/ceqa_public_review.html.

Let me know if you think the agenda item needs more description.

Subject: Soitec PEIR meeting confirmation

Hello Ashley and Robert

I need to get the preliminary Jan 2nd agenda out for the Boulevard Planning Group

Can you confirm that staff will be there to present the Soitec PEIR document?

If so, what description would you like to be included in the agenda and under what header?

Thank you

Donna
